

Television Production

Description

Have you ever wondered what it takes to put your favorite television programs on the air? Go behind-the-scenes with Tulsa Tech's Television Production program. Students will experience all aspects of television production, from developing the original program concept to shooting the video to editing the final product. Students will learn scriptwriting techniques, basic camera operation and lighting, and digital video editing. Students will work in the studio and on location to produce a variety of programming, including news and entertainment segments. Unleash your creativity with this hands-on, skills driven program!

- Work with cutting-edge, high-definition TV equipment
- Experience the "ins" & "outs" of TV production, from scriptwriting to postproduction
- Produce professional quality videos

College Credit

College credit may be available through TCC, RSU, or OSU-Institute of Technology. For more details call the college relations office at 918-828-5205. All college credit is awarded by the college/university.
